## Patient Management & Virtual Ward Software

Home-Based Healthcare | Disease Management | Patient Engagement & Adherence

- ps** Customised to your services / therapy areas
- ps** Smartphone & telecare modules
- ps** NO upfront costs, secure SaaS web solution

## Prepared for the Future

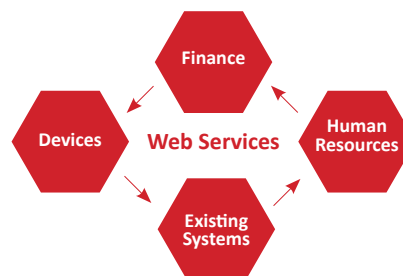

### Smartphones

### Telecare

### Integration

## Smartphones & Telecare

New technologies allow for cost-effective data capture and real-time management information. psHEALTH provides flexible integration of telecare and mobile solutions to increase staff productivity, drive compliance and enable remote monitoring and patient engagement.

- :: Open standard integration with smartphones or medical devices
- :: Integration with other systems via Web services
- :: Bluetooth devices: Android and iPhone apps
- :: RFID and bar codes for activity tracking

## Minimal Project Risk, NO Upfront Cost

Our approach is different. We think it is our job to make sure the solution works for your organisation. You simply pay a monthly fee at the point VIRTUAL WARD is enabled. There are NO upfront costs and NO investment in hardware. All you need is access to the internet.

- :: Zero upfront costs
- :: 100% customised
- :: 60 days from start to finish
- :: Scalable solution

## Ongoing Flexibility & Optimisation

At psHEALTH, we use rapid prototyping and iterative development to ensure that all stakeholders are involved in developing your solution. This approach guarantees the ease of implementation and that VIRTUAL WARD meets your requirements. We realise that processes and services are never static. Our experts work closely with your team to ensure that the IT solution evolves with your organisation's needs.

## Data security is critical

psHEALTH is ISO27001 certified. We provide world-class security, data hosting and data back-up to give you peace of mind. All communications with VIRTUAL WARD is using the latest encryption technology and user access rights can be fully controlled to ensure that the right person has access to the right information.
